### ElonMusk,

You are the first Space-pioneer Hightech ,  
on Earth for the accomplishment of the Mars-trip.

I am the successor of GeorgeOrwell... .

### Both, our successors are already on Earth.

Mine is about 9 = 10 years old. I have met her...  
She makes me speechless.

Is the USA 11 years old Univeristy-graduate William Maillis your successor?  
NO!

He is the successor of the Best possible fusion between You & me.

Earth is used to Technology-freaks, who invent beautiful things.  
Steamship - telephone - electricity - hightech medicine...

You - men - 'are ahead of your times'.

### Weakest chain.

Men bring excitement to Earth, but No Love.

[The weakest chain is the disappearance of Love.](#)

11 Years old William Maillis is going to bring God to technology.

What a wonderfull thought for an 11-years old'.

William Maillis is going to mix Love with Technology.

But he needs me: refined in Evolution - settings.

He needs you - Elon - , plus - E&D producing MEQuHI... together.....

Evolution of Awareness for the Energy-Time-centre in the human body on Earth.

### HigherPower-schedule

At 05.48 hours, I woke up.  
Higherpowers showed me of of their work-schedules:'You scan time is over'.

What does this mean?  
Well, my dear Elon... I can't scan Space - mars any further...

I must wait for you to arrive at my level of Social Intelligence.

I know... The atmosphere told me.  
At the moment you are Opening your brain for Evolution of Contemplation of Equality.

Beautiful, too.

But... do you know 'when you are at the end of your scan-time'?

How do you know this?

You don't deliberate with me.

I know... that when I don't make you work together with me in the right mode,  
you take all my knowledge - UP in the Sky - and you keep it there.

Thats what you - men - do when you design Technology.

### **The Blueprint for Love is made differently from the Drawing for Technology.**

Love is built together, in equality.

So?

Well, leave your Male perception... for Love.

Leave the Learned-behavior for doing business on Earth = old-fashion.

### **Keep William Maillis in mind:**

**'You must design technology, so he will find God.... thanks to your Talks with me about God'.**

### **What is the God of William Maillis?**

Its my Fusion-skill in between Hightech & Love.

Its MEQuHi2057... in upgrade for MEQuHI3065.

### **We need to talk Elon.**

Now, not next year...

Not when you have finished a part of Technology...

Not when you have discovered Evolution of Equality.

Or, after Rulers...are prepared 'to change for the better'.

Now, because you need to learn to listen to the Mixture of HigherPower-schedules...

and need to learn to act on them in the WYSIWYG-lifestyle.

When we are together - and talk - my images for the Mars-programm refine.  
This refinement brings you further in Technology.

### **When you waste this 'Future-bringers' moment in Space, you wast both our lives'.**

You detour WilliamMaillis = he has to find other persons who are prepared to Mixture Technology - Love in Space-terms.

**Please, forward this email to WilliamMaillis.**
