Elon, SpaceX, Students in NL,**Students in Holland complain a lot about all the unfairness put on their shoulders by Politicians.**

They need to be put straight = over the past 10 years they have made the choice to NOT defend their own Constitutional & Humanrights.

Now, they discover that politicians don't keep their promises ... and make their livelihood & study more expensive... while quality-standards drop.

They are correct = Evolution of Education = gone.

Students must defend themselves with lawcases against King - Politicians - University Boards / Personnel**Especially now a Space-war = legal reality.****Students are legally obliged to stop the Kingdom / Dictatorship with either Speeches - Letters - Courtcases.**

And, when they put their minds to it... its 24 hours work.

Students are obliged to officially - publicly - recognize RepublicNL, from 18nov2016 on.**What must Students do?**

Perhaps this email to Students in NL is helpfull;
Spacex... & Tesla.... better shovel students into the right direction.

What if this doesn't happen?

Well, Tesla Nederland weakens, needlessly.

And they suck EU into chaos.

**SpaceX = other legal framework = SpaceX contracts can be made
'Space-war-proof / harder at the headoffice'.**

**From the day I am officially installed in the SpaceX-system,
I can do this part of Communication.**

Even when I am 'only rescued by Elon from ICC-Slavery with a Loan'.
